

REMARKS

This is in response to the Office Action dated June 9, 2008.

By said Action, the Examiner required that Figures 1a and 1b be labeled as prior art. Under separate letter, Applicant is making the requested corrections.

Claims 49-52 were indicated as allowable. Such action is acknowledged with thanks.

Claims 53-58 were rejected under 35 USC 112 for lacking antecedent basis for several of the terms. The above amendments to claims 53-58 correct the deficiencies noted, and they should be allowable along with the independent claim 49 from which they depend. Support for the amendments to claims 53-57 may be found in extensive places throughout the specification. Support for the amendment to claim 58 may be found at Paragraph [0101] of the published application.

Withdrawn claim 59 has been canceled. Claim 60 has also been canceled, rendering moot the rejection of this claim under 35 USC 112.

All the issues raised by the Examiner having been addressed, the allowance of claims 49-58 is in order, and such action along with an early Notice of Allowance is respectfully requested.

Respectfully submitted,

Martin D. Moynihan
